

Tony Dang

Anaheim, CA | dangtt066@gmail.com | github.com/dangtruong | linkedin.com/in/tony-dang11

EDUCATION

University of California, Irvine

Expected Graduation: June 2028

Bachelor of Science in Software Engineering

- Relevant Coursework: Data Structures in C++, Computer Organization & Architecture, Discrete Structures

EXPERIENCE

Code Ninjas Los Alamitos

May 2025 – June 2026

Code Sensei

Cypress, CA

- Taught students programming fundamentals and game development with MakeCode Arcade and Javascript • Accelerated students' learning and progress through teaching and reinforcing fundamental programming practices.
- Emphasized learning through doing and practicing core concepts like variables, loops, conditionals, and functions.

Big Brothers Big Sisters of OC

Oct 2025 - May 2026

Mentee, Software Engineering Track 2025

Orange, CA

- Participated in a SWE mentorship with a senior Software Engineer at Google.
- Engaged in career development discussions, technical guidance, and software engineering practices.
- Integrated real-world skills and practices into personal projects and development

PROJECTS

Appli | Job & Internship Tracker | Python, Flask, PostgreSQL, SQLAlchemy

June 2026 – August 2026

- Built a full-stack job tracking web app supporting multi-user authentication and full CRUD by implementing Flask-Login with bcrypt password hashing and PostgreSQL with SQLAlchemy 2.0
- Reduced unauthorized data access by enforcing per-user data isolation and ownership verification on all mutating routes

SKILLS & INTERESTS

Technical: Backend Development, JSON, HTTP, Object Oriented Programming (OOP), REST API, API Integration, Algorithms, Data Structures, Version Control, CRUD, Database, Software Development Cycle, HTML, CSS

Languages: Python, C++, Javascript

Tools: Git, Github, Postman, VS Code, Pycharm

Frameworks: Flask, Node.js, Express, MongoDB, Pandas, Express, Bootstrap.js
